## eBay Sellers: How Spectrum BPO Enhances Your Listings

eBay's search algorithm, **Cassini**, prioritizes listings based on relevance, seller performance, and customer engagement. Without proper optimization, your products may get buried under competitors' listings.

### 1. Keyword-Rich Titles & Descriptions

Using the right keywords in your product titles and descriptions is crucial. Spectrum BPO conducts **in-depth keyword research** to ensure your listings rank high in eBay's search results.

For example, instead of a generic title like "**Wireless Headphones**", Spectrum BPO crafts an optimized title like "**Bluetooth Wireless Headphones with Noise Cancellation - 40-Hour Battery Life**", incorporating high-ranking search terms.

## 2. High-Quality Images & Videos

eBay buyers rely heavily on images and videos. Spectrum BPO ensures your product images are:

- ✓ High-resolution
- ✓ Professionally edited
- ✓ Showcasing multiple angles and features

Adding product demonstration videos also boosts conversion rates.

## 3. Enhanced Item Specifics & Attributes

eBay's algorithm gives preference to listings with detailed attributes. Spectrum BPO fills out every possible product detail, improving visibility and ensuring your listing appears in more search results.

## 4. Competitive Pricing Strategies

Price competitiveness plays a major role in eBay sales. Spectrum BPO analyzes competitors and suggests **dynamic pricing strategies** that help you stay competitive without sacrificing profit margins.

## 5. Optimized eBay Store & Promotions

If you have an **eBay store**, Spectrum BPO optimizes it by:

- ☑ Organizing products into clear categories
- ☑ Using branding elements to enhance trust
- ☑ Running eBay promotions to attract more buyers

# Walmart Sellers: Scale Your Business with Spectrum BPO's WFS Optimization

Walmart Marketplace is growing rapidly, and **Walmart Fulfillment Services (WFS)** provides sellers with a great opportunity to boost their sales. However, success on Walmart requires **optimized product listings** and **a strategic approach to WFS fulfillment**.

## 1. Walmart SEO & Listing Optimization

Similar to eBay, Walmart's search algorithm prioritizes relevance and quality. Spectrum BPO optimizes Walmart listings by:

- ✓ Writing **SEO-friendly** product titles
- ✓ Creating **engaging** product descriptions
- ✓ Adding **accurate product attributes**

## 2. Winning the Buy Box

On Walmart, the **Buy Box** determines which seller gets the sale when multiple sellers offer the same product. Spectrum BPO enhances your chances of winning the Buy Box by:

- ✓ Ensuring competitive pricing
- ✓ Maintaining high seller performance metrics
- ✓ Optimizing fulfillment methods

### 3. Walmart Fulfillment Services (WFS) Optimization

WFS is Walmart's version of FBA (Fulfillment by Amazon). Maximize your Walmart sales with [WFS Walmart](#) solutions from Spectrum BPO! Selling through WFS boosts your ranking and helps you reach Walmart's millions of customers with **fast, reliable shipping**.

Spectrum BPO ensures your business is WFS-ready by:

- ✓ Enrolling you in **WFS Walmart**
- ✓ Managing inventory & logistics
- ✓ Optimizing WFS pricing strategies

### 4. Walmart Advertising & PPC Campaigns

Running Walmart ads is key to scaling your business. Spectrum BPO creates **targeted PPC campaigns** to drive traffic and increase sales, ensuring the best return on investment.
